◆ Hello there. It's Yume no Owarī.  
Another full color KanColle book!  
What did you think of it this time?

◆ I felt like it had been a while since I used Yuudachi as the main character, but after I started drawing I kept giving Kibakami-sama more and more freedom. So it ended up like this.  
The truth is, I've been wanting to draw Ushio for a long time. I really love that kind of timid and hesitant character. Well, it's not like there's a single destroyer I don't love!

◆ Anyway, until we meet again~

2014 Yume no Owarī

Good morning/afternoon, I'm Satsuke Yura.  
 It feels like it's been a long time, though it's only been two months.  
 The uncharacteristically pink theme this time is a little... (lol)  
 Yura-san's destroyer drawings are as adorable as ever.  
 Seeing them leaves me grinning.  
 It's been a while since he drew Yuzuki and Isiguro,  
 but there's a whole lot more too! I really feel healed.  
 I've been putting off the Fall event, but I guess I'll continue after this.  
 Comiket might be at the end of the year, but it's quickly racing in!  
 With that, let's meet again sometime!

Year 26 of the Heisei era, 10th month, a certain day
